

BROW HEALING STAGES

DAY 1:
**OMG! I love my
new brows!**

DAYS 2-4:
**Oh no!
They're really dark!**

DAYS 5-7:
**What?! They're
Scabbing!**

DAYS 8-10:
**Boo.
They're gone.**

DAYS 14-28:
**Aha! They're
coming back.**

AFTER
TOUCH-UP:
Yay! They're perfect.

AFTERCARE INSTRUCTIONS

1-10 DAYS AFTER:

- Wash and moisturize your brows using gentle antibacterial soap and water
- Do not use products containing any acids (glycolic, lactic or AHA) or any exfoliants
- Apply small amount of ointment morning and night to gently moisturize (Be careful not to over apply)
- **DO NOT RUB, PICK OR SCRATCH THE TREATED AREA**
- Avoid overly sweaty exercise

10-14 DAYS AFTER:

- Use sunscreen on your brows whenever you are exposed to the sun
- Avoid using retinol, anti-aging, or skin brightening products on or near brows
- Avoid exfoliating directly on your brows
